APPENDICES.

No. 990 of 1887

From

Colonel H. C. A. SZCZEPANSKI,

Officiating Judicial Commissioner,

Hyderabad Assigned Districts,

To

The SECRETARY for BERAR to the RESIDENT,

Hyderabad.

Dated Amraoti, *4th April 1887.*

Sir,

I have the honour to submit, for the Resident's information, the Annual Report on the administration of Civil Justice in the Hyderabad Assigned Districts for 1886, together with the prescribed statements, and to forward the district reports, which were received in my office on the dates mentioned below, *viz.* :—

1. Ellichpur 2. Basim ..	31st January 1887.
3. Wun 4. Buldana ,	1st February 1887.
5. Akola	7th do.
6. Amraoti	12th do.

Though, speaking generally, there is an improvement over last year as regards punctuality, the reports from Akola and Amraoti were again late by seven and twelve days respectively, and no explanation has been furnished as to the cause of the delay.

Number of tribunals

2. The number of civil courts open at the close of 1886, as compared with 1885, is given below :—

	1885	1886
Court of the Judicial Commissioner, Hyderabad Assigned Districts	1	1
Courts of Civil Judges of the sixth grade	7 .	7
Do. do. fifth do.	10 ..	10
Do. do. fourth do. ...	4 ...	3
Do. do. third do. ..	6 ...	6
Do. do. second do.	2	2
Do. do. first do. .	5 ..	5
Small Cause Courts . .	3 ...	3
Total .	38 ...	37

It will thus be seen that, as regards the number of tribunals open at the close of the year, there is really no difference between the two years 1885 and 1886, the difference of one against courts of Civil Judges of the fourth grade being due to the absence on leave of Mr. Ardesir Dinshaji, Extra Assistant Commissioner.

3. There is no change in the plan of the Report or in the forms of the statements appended to it, and the subjects treated of in the former are arranged in the same order and under the same headings as were adopted last year.

PART I.—Original Courts.

A.—*Institution of Suits.*

Suits instituted

4. The total number of original suits instituted during the year 1886 in all the civil courts of the province was 25,970, as compared with 22,775 in 1885, being 3,195 more than in the preceding year, or an increase of 14 per cent.

5. The annexed table shows the fluctuations in the different classes of civil courts during the past two years :—

Class of courts	1886.	1885.
Chief courts of districts	40 ..	117
District courts	4,529 ...	6,851
Sub-divisional courts	12,870 ...	9,803
Small cause courts	8,531 ...	6,004
Total ...	25,970 ..	22,775

Increase in civil litigation.

6. The increase in civil litigation noted above extends to most districts of the province, and would appear to be no more than a return to the normal state of things, brought about by a fairly good season and the absence of the exceptional circumstances which checked litigation in the three previous years.

7. The following is a list of the district and small cause courts in which the proportion of increase exceeds 10 per cent :—

	Percentage of variations as compared with 1885.
Akola District ...	26·7
Small Cause Court, Khamgaon ...	15·9
Do. Amraoti ...	101·7

8. The Deputy Commissioner, Akola, and the Judge, Small Cause Court, Khamgaon, ascribe the increase to a fairly good season and to work having been carried on uninterruptedly throughout the year.

9. There is a marked increase in litigation in the small cause court at Amraoti, which is attributed partly to the facility which suitors find in the disposal of their cases and partly to the harvest prospects having been all that could be desired.

Decrease in the Wun District.

10. The only district in which there has been any considerable decrease is as follows :—

	Percentage of decrease as compared with 1885.
Wun District	18·8

11. The decrease in the Wun District is said to be due to two courts at the head-quarters of the district having been left without a judge for nearly the whole year.

B.—*Classification of Suits.*

Classification of suits.

12. Imperial Statement No. VII in the Appendix classifies the suits which were instituted during the year 1886. Re-admitted cases and cases transferred are excluded therefrom.

13. The annexed comparative statement exhibits in a more concise form the principal changes which have taken place in the character of civil litigation during the past two years :—

		1886.	1885.	Increase.	Decrease.
Suits for money or movables.	Contracts in writing	14,749	12,594	2,155	...
	Do. not in writing	2,680	2,455	225	...
	On account stated	4,197	3,471	726	...
	Money had and received	160	88	72	...
	Goods sold	610	629	...	19
	Wages, work, and material	192	212	...	20
	Rent not falling under rent law	433	199	234	...
	Movable property or its value	447	731	...	284
	Damages	215	157	58	...
	Other suits for money or movables not already mentioned	217	282	...	65
Title & other suits.	Suits relating to marriage	53	79	...	26
	Immovable property	1,137	1,148	...	11
	Other suits	880	730	150	...
	Total	25,970	22,775	3,620	425

Suits for money due.

14. Of the total number of suits instituted during the year, 22,396, or 86·2 per cent. of the entire number, were for money due. Of these, 14,749 were suits on contracts in writing and 7,647 for money due otherwise than on bonds, the increase in the former class being 19·3 per cent. The increase is only what might be expected from the rise in litigation. It has also been observable for some years past that the great bulk of the litigation is now brought on written documents.

Suits for immovable property

15. Suits for immovable property show a decrease of 11 cases only as compared with the previous year. Of the suits of this class, 756 were either for recovery of possession of fields borne on the Government rent-rolls under Sections 8 and 9 of the Specific Relief Act, or between co-sharers and sub-tenants 180 of the suits shown in column 8 of Provincial Statement No. XXIII have been included in column 23 of Judicial Statement No. VII, and were for the declaration or establishment of rights in survey numbers of land including the right of pre-emption, foreclosure, &c.

The variations in the other classes call for no special notice.

c.—*Value and Cost of Suits.*

Value and cost of suits

16. The subjoined statement regarding the value and cost of suits is an amplification of Imperial Return No. VIII and Provincial Statement No. VI. Cases re-admitted and received by transfer are excluded from both statements:—

Value of suits	Number of suits disposed of.	Aggregate value of suits	Aggregate cost of suits.	Average value of suits.	Average cost of suits	Percentage of cost to value.

17. The totals of 1885 having been given for purposes of comparison, it will be seen that in suits of which the money-value is capable of determination the average value has slightly fallen from Rs. 108-14-0 to Rs. 108-1-2, and the total value has increased by Rs. 4,14,772-7-11. This increase is most marked in the lowest classes of suits.

Value of suits.

18. The aggregate cost of suits has risen from Rs. 3,38,079-3-1 in 1885 to Rs. 4,00,309-0-11 in 1886, and the average cost of each suit comes to Rs. 13-7-2. In 1885 it was Rs. 13-5-10, or a difference of annas 1-4 only.

Cost of suits.

19. The percentage of costs to the total value of suits disposed of is again slightly in excess of the preceding year, the figures being Rs. 13-7-2 in 1886, against Rs. 13-5-10 for 1885.

Percentage of cost to value.

D.—*Disposal of Original Suits.*

20. Imperial Statement No. IX submitted as an appendix shows the general result of original civil litigation in the province.

21. Including 2,992 pending from 1885, 558 re-admitted cases, and 1,367 received by transfer, the total number of suits for disposal during the year amounted to 30,687, showing an increase of 9·9 per cent. as compared with 1885.

Suits for disposal.

22. Of the total number on the file, 26,686, or 86·4 per cent., were disposed of during the year. The general results (excluding cases transferred) of the trial of the suits disposed of were :—

Suits disposed of.

Contested.	No. of suits.	Proportion per cent.	Corresponding proportion in 1885.
Judgment given for plaintiff in whole or in part	5,330	20·0	23·1
Defendant in whole	1,296	4·8	4·9
Total ...	6,626	24·8	28·0
Without contest.			
Decreed on confession	9,227	34·6	33·9
Compromised	3,732	13·9	13·5
Decreed *ex parte*	4,559	17·1	15·6
Dismissed *ex parte*	175	0·7	0·7
Total ...	17,693	66·3	63·7
Without trial.			
Dismissed for default	1,941	7·2	6·6
Withdrawn	341	1·3	1·1
Rejected or returned	44	0·2	0·4
Total ...	2,326	8·7	8·1
By arbitration	4	0·2	0·2
Grand total ..	26,686	100	100

23. The percentage of contested cases to the total disposed of has declined from 28·0 to 24·8 per cent. in the year under report. The decrease is attributed in some of the districts to removals and changes in the personnel of judges. It may also in some measure be due to the provincial proportion of suits on written obligations having increased, *i.e.*, the class in which contested suits might be expected to be least common.

Contested cases.

Suits without contest decreed on confession.

24. The percentage of decrees on confession has increased from 33·9 in 1885 to 34·6 in the year under report. The rise is probably due to the increased number of suits on bonds and other contracts in writing during the past year. In these cases the defendant cannot deny the claim. He has either executed a bond or signed an account, and the plaintiff's evidence is so overwhelming that it is useless to deny the liability.

Suits without contest decreed *ex parte*.

25. The number of *ex parte* decrees is 4,559, or 17·1 per cent. This is somewhat higher than last year, when it was 15·6. The matter was discussed in last year's Report, and does not seem to require further notice.

Dismissed for default.

26. The percentage of suits dismissed for default has increased by 0·6 per cent. The Deputy Commissioner, Wun, reports that the increase in his district is due to the parties settling their claims out of court without giving intimation of the fact, which is highly probable.

27. The results under the other heads so nearly correspond as to make comment unnecessary.

Pending file.

28. The pending file at the close of the year was 2,271 cases. Of these, 810 had been pending more than three months; 244 cases of the latter were awaiting disposal in the Amraoti District alone. The following explanation has been submitted by the Deputy Commissioner :—

"It will be observed that the pending file of the head-quarter court and the M court is very heavy.. The civil work suffers by constant changes of officers.

"Dr. Nundy, Honorary Assistant Commissioner, was transferred to Khamgaon, and Mr. Hyder Ali went on leave, so there was no officer to do the civil work below Rs. 500 from the month of November 1886.

"Mr. Nizam-ud-Din, Assistant Commissioner, was doing the cases of the district court as well as a few from the head-quarter file. He had not much time to devote to civil work as he had to take up criminal work during the absence of Mr. Ajudhia Pershad, Extra Assistant Commissioner, on casual leave. Hence the pending file of the head-quarter court is heavy.

"Mr. Ganesh Shrikrishna Khaparde, Extra Assistant Commissioner, Morsi, when transferred to the head-quarters in the beginning of December 1886, was in charge of the treasury, as Mr. Ajudhia Pershad was on leave, and he did some civil work at head-quarters.

"Mr. Safdar Ali Beg, Tahsildar of Murtazapur, was appointed to officiate as an Extra Assistant Commissioner and posted to Morsi, but he had no powers as a civil judge and therefore he could not dispose of any cases during the month of December 1886, and hence the pending file of the Morsi court is very heavy."

Average duration.

29. The average duration of contested cases was 78·2 days and of uncontested cases 36·7 days, against 65·5 and 31·4 in the previous year. In the former class of cases the duration was highest in the chief courts of the following districts :—

Basim	...	...	145·2 days.
Buldana	...	...	116·4 „

High duration, Basim District.

29-A. Regarding the cases of long duration in the Basim District, the subjoined explanation has been furnished :—

"The average duration of the district has increased from 94·4 to 145·2 in contested and from 53 to 75·2 in uncontested cases. This was only to be expected from the large number of old cases left pending from 1885 owing to the paucity of officers in that year.

"The average duration of contested cases in the chief court of the district has risen from 101·1 to 233·2; that of uncontested has fallen from 99·5 to 34 days.

"The reason of increase in contested cases is due to two cases, one of which was filed on 10th October 1884 and disposed of on 18th February 1886. This case was a dispute in Raja Udaram's family, and was eventually decided by arbitration. The arbitrator took a long time to give his award. The delay was fully explained in my letter to you, No. 2219, of 2nd September 1886.

"The other case—also one of 1884—was returned by the Judicial Commissioner during the year. This case was for dissolution of partnership, and a commission had to be appointed to examine the accounts. The Commissioner took a very long time to send in the report. This caused the great delay.

"The duration in the Assistant Commissioner's court in contested cases increased from 96 to 148·8, and in non-contested from 53·9 to 118·6. This high duration is owing to certain two old cases of 1884 and 79 old cases of 1885 having been disposed of during the year under report, and also to Mr. Edulji having had to constantly postpone civil cases owing to criminal work. There were some heavy criminal inquiry cases connected with murder and dakaiti with murder that took up much of Mr. Edulji's time and upset his civil work. For the proper and expeditious working of a civil court, the judge should never have criminal cases.

"In court No. 2, which was presided over by Mr. Suraj Narayan, Attaché, assisted by Mr. Price for part of the year, the average duration of contested cases was 159·3, and uncontested 97·9.

"The high duration is due to 31 old cases of 1884 and 390 old cases of 1885 having been disposed of during 1886. The high duration in contested cases was also increased by the carelessness of Mr. Suraj Narayan in keeping cases pending for months without deciding them after they had been completed, as reported to you in my letter No. 2214 of 31st August 1886.

"In the court of the Tahsildar, Pusad, the duration has increased in contested cases from 105·2 to 112·5, and decreased in non-contested cases from 79·7 to 57·2.

"This latter decrease is due to so many cases having been dismissed for default.

"The increase in contested cases the Tahsildar ascribes to his revenue work often not permitting his taking up civil cases.

"The Tahsildars in this district have far too much civil work thrown on them.

"The average duration has also increased in the Mangrul Tahsildar's court in both contested and uncontested cases from 99·7 to 140 and from 48·5 to 65·6.

"The duration was slightly raised by the suspension of Mr. Kishorkhan, but is principally due to there being more civil cases filed in the Tahsildar's court than he can, without great detriment to his revenue and other duties, dispose of."

High duration, Buldana District.

30. The high duration in Buldana is thus explained by the Deputy Commissioner:—

"The average duration of contested and uncontested cases is higher than what it was in the previous year, being 116·4 for contested cases in 1886, against 102·1 in the previous year, and for non-contested cases 43·5, against 38·2 in 1885.

"The reason of this is doubtless due to the numerous changes of officers during the year, no officer having worked continuously at any one place throughout the year under report. When a new officer assumes charge of a court, it takes at least two or three weeks before the processes issued by him commence to act for the hearing of cases. There were also several old pending cases from my own file which I was unable to dispose of before handing over charge to Mr. Atmaram Bhicaji, Extra Assistant Commissioner, in May last, owing to heavy inherited arrears and to my having been for a long time the only Assistant at head-quarters with charge of the treasury and registration and sub-registration offices in addition to the ordinary duties of an Assistant Commissioner. The duration, which is greater than it should be, would have been still worse had I not disposed of the large number of 1,057 cases in the previous year."

E.—*Original Miscellaneous Cases.*

Result of trial of miscellaneous cases.

31. Imperial Statement No. IX, Part II, shows the result of trial of miscellaneous cases in the various courts of the Hyderabad Assigned Districts.

Number disposed of.

32. The total number of miscellaneous cases disposed of by civil courts during the year amounted to 3,082, as compared with 2,836 in the previous year.

Details of disposal.

33. Further details of disposal are given in the following comparative statement:—

Disposed of.	1886. No.	1886. Percentage.	1885. No.	1885. Percentage.
Without trial	809	26·3	677	23·9
Without contest	1,125	36·5	917	32·3
With contest and judgment given for plaintiff ...	707	22·9	747	26·3
With contest and judgment given for defendant	441	14·3	495	17·5
Total ...	3,082	100	2,836	100

Description of miscellaneous cases.

34. The cases in question are made up of applications of a miscellaneous nature, such as applications for copies and for review of judgment, &c. Of the without-trial cases in the past year, nearly half were applications returned or rejected. The other figures do not call for any particular remark. Applications connected with execution of decrees will be dealt with in a later section of the Report.

Number pending.

35. The number of applications which remained pending at the close of 1886 was 451, or 12·6 per cent. of the number for disposal.

Average duration.

36. The average duration of contested cases has risen from 48·8 to 70·6 days, and is somewhat excessive, but the amount of business performed during the year was considerable.

v.—*Agency for Disposal of Suits.*

Description of civil work.

37. The subjoined comparative statement shows in greater detail than Imperial Statement No. IX the distribution of work among the different classes of courts, excluding cases decided by the small cause courts and cases transferred:—

No. of officers employed on civil work.		Grade of officers.	Cases decided. Number.		Cases decided. Percentage.		Average number of cases decided by each officer of each grade.	
1886.	1885.		1886.	1885.	1886.	1885.	1886.	1885.
6	6	Deputy Commissioners ...	47	84	0·2	0·5	8	14
8	10	Assistant do. ...	1,196	4,235	6·3	24·2	150	423
3	5	Attachés	1,424	2,116	7·5	12·1	475	423
16	10	Extra Assistant Commissioners ...	13,753	7,949	72·0	45·4	860	795
9	8	Tahsildars	2,680	3,121	14·0	17·8	298	390
42	39	Total ...	19,100	17,505	100	100	455	449

Work disposed of by Deputy Commissioners.

38. Compared with the year 1885, a smaller share of work has fallen to the courts of the Deputy Commissioners. The 47 cases above mentioned were decided by the following Deputy Commissioners:—

Akola	8
Buldana	2
Basim	15
Amraoti	12
Ellichpur	3
Wun	7
Total ...	47

39. These figures appear to call for no remarks. Deputy Commissioners have so many other duties to perform that they cannot be expected to take any more original civil work than the law compels them to undertake. The 12 cases shown against the Amraoti District were decided by Messrs. Elliott and Nizam-ud-Din, who were vested with powers as a District Judge under Notification No. 156, dated 30th September 1870.

By Extra Assistant Commissioners.

40. The most noticeable feature in the statement is that, while Tahsildars have been relieved of judicial work during the year to an increased degree, the amount of work performed by Extra Assistant Commissioners was considerably larger than in the previous year.

By Assistant Commissioners.

41. smaller percentage of civil business was performed by Assistant Commissioners. This decrease is partly due to the fact that a smaller number of civil courts were presided over by officers of this grade.

By Tahsildars.

42. An average of 298 cases was decided by each Tahsildar, or about 25 cases a month. This is below the limit of 30 cases a month prescribed for such courts in the Punjab. In only three tahsil courts did the number of cases tried by the Tahsildar exceed 400. They are—

Mehkar	...	...	...	561
Mangrul	...	...	...	684
Pusad	...	...	...	686

G.—*Execution of Decrees.*

Execution of decrees.

43. The progress in execution of decrees is shown in Imperial Statement No. XI.

Details of disposal.

44. The disposals (21,029) amounted to 79·1 per cent. of the applications (27,702) for execution. The details of disposal for the past two years were as follows:—

	1886.	1885.
Completely executed . .	... 20·1	... 20 6
Partially executed ...	... 17·9	.. 17·6
Struck off without execution ...	... 57·1	... 52·1
Transferred ...	... 4·9	... 9·7

Applications completely executed.

45. The percentage of applications completely executed was relatively most favourable in the Basim District, in which 26·9 per cent. of the decrees put in execution were completely executed.

Applications wholly infructuous.

46. The percentage of wholly infructuous applications is again highest in the Ellichpur District (62·8), and the Deputy Commissioner explains the cause thus:—

"This is due to the fact that judgment creditors often take out executions merely to keep the decrees alive without any hope really of realizing anything. I cannot (*vide* Judicial Commissioner's remarks last year) give any correct reason for the percentage of these cases being in this district so high."

Money decrees.

47. Turning to money decrees, it appears that an aggregate sum of Rs. 2,57,058-6-1 was realized during the year. Details of the manner of realization are given below:

	Rs.	a.	p.
Paid in voluntarily	9,779	15	3
With the issue of process	2,47,278	6	10

Attachment of immovable property

48. There were 2,241 attachments of immovable property, in 50 per cent. of which property was brought to sale.

Attachment of movable property.

49. In 10 per cent. of the cases in which movable property was attached sale followed. In the remainder the mere attachment of the property was sufficient for recovery of the amounts due.

Attachment of land paying revenue to Government.

50. Land paying rent to Government was attached in 1,119 instances, being 5 less than in 1885, and sales were actually effected in 101 cases only. Of the latter, there were 52 instances in which self-acquired, and 49 in which ancestral, property was sold; 69·3 per cent. of these sales took place in the Akola District alone. The district report, however, is silent as regards these holdings.

Civil debtors.

51. There were 156 civil debtors in prison during the year, including 6 remaining from last year. Of these, 139 were released during the year, and 17 were remaining at its close. The largest number of warrants of arrest was issued in the Akola District.

Applications under Chapter XX. Civil Procedure Code.

52. There were 47 applications under Chapter XX of Act X of 1877 for a declaration of insolvency, against 48 in the previous year. Only 8 applications were granted. In 4 cases only was it found necessary to appoint a receiver, and the amount of creditors' claims admitted during the year was Rs. 5,330-14-9. No penal proceedings were taken under Section 359 of the Civil Procedure Code, and 17 persons were declared insolvent and discharged, as compared with 18 persons in 1885.

Court and process fees.

53. The total income on account of court and process fees during the year amounted to Rs. 3,17,429-2-0, including the amount realized in the Judicial Commissioner's Court, against Rs. 3,36,170-13-0 in the previous year. The rise on the present occasion is, of course, due to the increase in litigation.

H.—*Witnesses.*

Attendance of witnesses.

54. The following statement shows the attendance of witnesses during the past year:—

No. of witnesses who attended.	Period of detention.			No. of witnesses examined.
	For one day.	For two days.	For three days and upwards.	
43,193 ...	40,038 ...	2,111 ...	1,044 ...	20,244

55. The number of witnesses who attended the courts was 43,193, or 6,527 more than in 1885. The increase is, no doubt, attributable to the increase in litigation generally.

Detention of witnesses.

56. The highest detention (six days) occurred in the Akola, Amraoti, and Wun Districts. The Deputy Commissioner of the last-named district explains that this was owing to the heavy criminal work in the court of the Deputy Commissioner. The point has been left unnoticed in the report from the Amraoti District, but work has been heavy during the year, and civil witnesses have to wait if a criminal case is brought up, and it often happens that criminal cases come up more than one at a time.

PART II.—Small Cause Courts.

57. The observations already made, as well as the figures given, include the business transacted in the small cause courts in the province. I now proceed to show distinctly the working of these courts during the year.

Suits instituted.

58. The number of suits instituted during the year in these courts was 8,531, showing an increase of 2,527 as compared with the preceding year. The annexed table

shows the fluctuations in the different courts during the past two years :—

Small Cause Courts.	1886.	1885.
Akola	1,918	1,816
Khamgaon	983	848
Amraoti	4,852	2,406
Buldana	251	583
Ellichpur	...	6
Morsi	93	203
Murtazapur	434	142
Total ...	8,531	6,004

Increase in number of suits instituted.

59. The small cause courts in which there has been any considerable increase are as follows :—

	Percentage of increase as compared with 1885.
Khamgaon	15·9
Amraoti	101·7

Small Cause Court, Khamgaon.

60. The Judge, Small Cause Court, Khamgaon, ascribes the increase to a fairly good season and to work having been carried on uninterruptedly throughout the year.

Small Cause Court, Amraoti.

61. There is a marked increase in litigation in the small cause court at Amraoti, which is attributed partly to the facility which suitors find in the disposal of their cases and partly to the harvest prospects having been all that could be desired.

Classification of suits.

62. The following table shows the classification of suits :—

	1886.	1885.	Increase.	Decrease.
Contracts in writing	4,831	3,538	1,293	...
Do. not in writing ...	917	601	316	...
On account stated	1,758	1,042	716	...
Money had and received ...	108	40	68	...
Goods sold	292	284	8	...
Wages, work and material ...	124	127	...	3
Rent not falling under the rent law...	149	76	73	...
Movable property or its value ...	159	157	2	...
Damages	186	69	67	...
Other suits	57	70	...	13

Contracts in writing.

63. The increase under contracts in writing is only what might be expected from the rise in litigation. It has also been observable for some years past that the great bulk of the litigation is now brought on written documents.

Value of suits.

64. The aggregate value of suits disposed of has risen from Rs. 4,05,209-11-11 in 1885 to Rs. 6,14,708-1-6 in 1886, an increase of Rs. 2,09,498-5-7. The average value of each suit was Rs. 73-13-7, against Rs. 69-5-6 last year.

Cost of suits.

65. The average cost of each suit has slightly increased from Rs. 9-7-7 in 1885 to Rs. 9-9-6 in 1886, and the percentage of costs to the total value of suits disposed of has fallen from Rs. 13-11-9 to Rs. 13-1-0. The percentage varied from Rs. 28-10-9 in Buldana to Rs. 12-0-7 in Akola.

Suits for disposal.

66. The total number of cases for disposal by small cause courts, including those pending from the previous year, was 8,975, of which 8,373 were disposed of during the year.

Suits disposed of.

67. The details of disposal are as under:—

	1886.	1885.
Dismissed for default	4·2 ...	3·6
Withdrawn	1·2 ...	1·1
Rejected or returned	0·1 ...	0·4
Compromised	15·7 ...	14·7
Decreed on confession	37· .	34·4
Decreed *ex parte*	21·3 ...	17·
Dismissed *ex parte*	·5 ..	·4
By arbitration	·2 ...	·2
Contested	19·8 ...	28·2

Duration of contested cases.

68. The average duration of contested cases in small cause courts is 25·2 days, which is 2·7 days less than in the previous year. It was highest in the Khamgaon Court (17·2 days). Referring to this, the Judge of that court writes:—

"It has been remarked in the reports of previous years that this court, exercising a mixed jurisdiction, cannot fairly be compared with other courts in the province with regard to the average duration of suits. In addition to this, my predecessor was away from Khamgaon for 44 days, being engaged in revenue work, and for 7 days in September last to try some important criminal cases at Akola, which further took up 15 more days on his return to Khamgaon to complete them. I may again mention here that 16 days were lost owing to the delay in my investiture with the small cause court powers, and these interruptions of the court work have, of course, largely affected the average duration of the cases tried."

Cases pending.

69. The number of cases pending at the close of 1885 was 602, as compared with 386 in the preceding year; of these, only 27 had been pending more than three months.

Applications for execution of decrees.

70. There were 6,557 applications for execution of decrees; of these, 5,843 were thus disposed of during the year: 989 were completely executed, 1,163 were partially executed, and in 3,609 no execution was effected. The remaining 82 cases were transferred.

Applications pending.

71. The number of applications pending was 714, against 760 in the previous year.

Coercive processes.

72. Coercive processes of the following nature were issued in the remaining cases.

Persons imprisoned.

73. There were 31 persons imprisoned during the year, against 13 in the previous year; and of these only 5 remained in jail at its close.

Attachment of movable property.

74. Movable property was attached in 900 cases, but in 490 instances only was actual sale resorted to.

Miscellaneous cases

75. Besides the business detailed above, 347 miscellaneous cases were disposed of other than plaints presented to small cause courts. The number in 1885 was 303.

PART III.—Appellate Courts.

A.—*District Courts.*

Number of appeals for disposal.

76. The number of appeals that came up for disposal before Deputy Commissioners, including those pending at the close of the preceding year, amounted to 433, against 403 in the year previous; of these, 398 were disposed of, leaving a balance of 35 pending at the close of the year.

77. The slight increase in the number of appeals instituted is due to the fact that in the Ellichpur and Basim Districts judges of lower grades were appointed to take the place of those whose decisions were appealable in the court of the Judicial Commissioner. In the Akola District, however, there was a decrease

in the number of appeals instituted, which is accounted for by an increase in the number of rejections under Section 551, Civil Procedure Code.

Manner of disposal

78. The subjoined table shows the proportions of the various methods in which the appeals were disposed of —

Appeals rejected and confirmed

79 The proportion of appeals confirmed *ex parte* and after contest has fallen from 38 7 to 20 0. This, of course, is due to the increased number of appeals rejected under Section 551, which has risen from 18 2 to 34 4 The Akola District shows the highest percentage of summary rejections, *viz*, 60 9, while the percentage of Amraoti stands at the comparatively low figure of 24 2.

Appeals pending.

80. The number of appeals pending at the close of the year was the same as in 1885, *viz*, 35, and of these 20 were on the file of the Deputy Commissioner, Basim. The number pending for more than three months being only 2 calls for no remark.

Average duration of appeals.

81. There has been some improvement in the provincial average duration of appeals, as compared with the average of the previous year, the fall being from 63·6 days in 1885 to 55·5 days in the year under report.

The districts which exceeded the provincial average are—

Akola	...	... 67·6 days
Basim	...	... 65·2 „
Amraoti	...	... 59·6 „

82. The Deputy Commissioners of Akola and Amraoti, the two largest districts in the province, attribute the high average duration to the fact that much of their time is occupied in miscellaneous and revenue work, which is always very heavy in those districts. The Deputy Commissioner of Amraoti, in fact, cannot hope to decrease his average duration, as practically he has only eight months in the year for appellate work, four months being spent out in camp, where he does not wish to take his appeals.

83. The average duration in the court of the Deputy Commissioner, Basim, which was 45 days in 1885, rose during the year under report to 65·2 days. The Deputy Commissioner attributes this unsatisfactory result to the necessity there was for a larger number of cases being remanded under Section 566, and which were not returned on the proper dates, and also to the fact that Colonel Thompson, who officiated as Deputy Commissioner for six weeks, did not find time to dispose of more than three appeals.

84. The duration in the court of the Deputy Commissioner, Ellichpur, though not above the provincial average, is still almost as high, being 54·3, against 23·2 in 1885. The Deputy Commissioner's explanation is as follows:—

"The average, which is unduly high, has been run up by 10 out of the 31 appeals having been left untouched by the Officiating Deputy Commissioner (Colonel Thompson) during the three months he officiated here, and which added 763 days to the total. He only found time to dispose of two appeals during his officiation."

85. Contrasted with the figures pertaining to the four districts mentioned above, the average duration in the district courts of Buldana and Wun is remarkably low, being only 14·7 and 27·7 days respectively.

Miscellaneous appeals.

86. During the year 1886 there were 27 miscellaneous appeals for disposal before the district appellate courts, of which 26 were disposed of with the following results:—

	1886.	1885.
Summarily rejected	8	4
Dismissed for default	...	...

Value and cost of appeals.

87. The subjoined comparative table shows the aggregate and average value and cost of appeals decided during the two years 1885 and 1886;—

Nature of appeals decided.	Year.	Aggregate value.	Average value.	Aggregate cost.	Average cost.	Percentage of cost to value.
		Rs a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Miscellaneous appeals.	1885	...	...	63 8 6	3 0 5	...
	1886	...	...	64 8 0	2 7 8	...

88. The aggregate value of appeals in 1886 was 18·8 per cent. higher than in the year previous, though the average cost was nearly the same; this, of course, has resulted in the percentage of costs to value falling to a slight extent.

B.—*Judicial Commissioner's Court.*

Number of appeals for disposal and number disposed of.

89. Including 26 pending at the commencement of the year, there were in all 256 appeals for disposal in the court of the Judicial Commissioner, against 334 in 1885; of these, 165 were disposed of, leaving a balance of 91 for disposal at the close of the year. The proportion of appeals preferred to the number of cases decided by original and lower appellate courts was lower in 1886 than in 1885. This result must, of course, be attributed to parties in the lower courts being better satisfied with the decisions of the judges than they appear to have been in the year previous. The number of appeals disposed of was much less than during 1885, the decrease being 143. This is due to the comparative frequency of change of the presiding officer, which necessitated appeals being postponed from time to time *sine die*.

Details of disposal.

90. The subjoined table shows the manner in which appeals were disposed of by the Judicial Commissioner:—

91. It will be seen from the total in column 5 that only 4·4 per cent. of the decisions of the lower original courts were appealed against, while the proportion of appeals against appellate decrees was considerably higher. Of appeals against the decisions of original courts, the percentage against the courts presided over by Colonel Rennick, Colonel Thompson, and Mr. Ajudhia Pershad was respectively 32, 29, and 24, while that against the court of Mr. Shrikrishna, who disposed of the largest number of suits in the province, was only 3.

Proportion of appeals to cases decided.

92. Of the 165 appeals disposed of, 82 were summarily rejected under Section 551, Civil Procedure Code, while the number in which the decree of the lower court was confirmed after second hearing amounted to 29. 27 appeals resulted in the lower court's order being reversed, and in 10 cases the original decree was modified.

Cases confirmed, modified, and reversed.

93. Of the 14 cases remanded to the lower courts for further inquiry under Section 562, no less than 7 were decisions passed by Colonel Rennick. This result cannot be said to reflect much credit on the capacity of that officer for patient investigation, considering that it is the outcome of only 15 of the appeals preferred against his decisions.

Cases remanded.

PART IV.—GENERAL.

94. The following statement shows the number of civil cases called up by Deputy Commissioners for inspection from the subordinate courts during the year:—

Inspection of civil cases.

Class of courts.	No. of cases called up including the balance of last year.	No. of cases transferred to Assistant Commissioners for inspection and report.	No. of cases inspected by the Deputy Commissioner himself.	Result of inspection.				No. of cases pending inspection at the close of the year.

Total ... { 1885...	1,141	48	960	784	224	...	1,008	133

95. Like last year, the proportion of cases in which errors were pointed out and communicated to the officers concerned has been the largest in the Basim District. But the Deputy Commissioner explains that the errors consisted for the most part of failure on the part of judges to comply with the provisions of Section 141, and that beyond this there were no serious irregularities discovered in the procedure of the subordinate courts. There is nothing further in the statement calling for remark except that the increase in the number of cases examined by Deputy Commissioners and their Assistants is satisfactory.

I have the honour to be,

Sir,

Your most obedient Servant,

H. SZCZEPANSKI,

Officiating Judicial Commissioner,

Hyderabad Assigned Districts.
